

Playland recognizes that infants and toddlers require separate areas with appropriately sized equipment and materials to serve their development needs. In pages 10 through 13, we highlight products-new and favorites that meet the needs of this age group. Choose from freestanding events that allow climbing and crawling and other age appropriate interactive play, or mazes that can be customized just like any of our larger structures.

Crittter Hut

This item is multi-functional. Kids can climb on, climb through, or climb over. Colors are bright and cheery; graphics are fun and detailed.
